

# DELIVERING THE SPECTACULAR

## A QUICK NOTE ABOUT YOUR AUDIO VISUAL NEEDS

The Embassy Suites Chicago - O'Hare/Rosemont has selected Swank Audio Visuals as the exclusive source of audio visual rental equipment, concert sound systems, stage lighting, and professional technical services for guests using the hotel's meeting facilities.

Swank Audio Visuals maintains an office and facilities in the hotel complete with equipment, management staff and technicians.

Because Swank Audio Visuals' on-site staff functions as a department of our hotel, they are totally familiar with the unique aspects of our facilities and can offer a consistently superior service to ensure the quality and effectiveness of your meeting.

For your convenience, all charges for audio visual equipment and services will be posted on your master account. If a master account is not established with the hotel, payment is required at the time of your event by check, American Express, Visa, Mastercard or Discover.

For your quick reference, this brochure contains only the most frequently requested audio visual equipment.

Of course, sophisticated and complex requirements, though readily available and accommodated, are beyond the scope of this condensed brochure. If your audio visual requirements are complex, extensive, or out of the ordinary, we suggest you contact the Swank Audio Visuals office in the hotel to discuss your arrangements and personalized quotation.

Thank you for selecting the Embassy Suites Chicago - O'Hare/Rosemont.

**FLEX FOR SUCCESS**

Throughout the planning process and on-site, we provide creativity, confidence and comfort by delivering "Flawless Execution" with a hospitality approach. As part of our continued effort to improve upon our service standards, we have developed a program called FLEX 7. At the conclusion of your event, you will receive a survey via email from our home office. Our goal is to obtain the highest score (7) in every area of customer satisfaction. We look forward to providing you with the best service and audio visual equipment in the industry.
